## HAWAII MAY SOON BE SCENE OF BIG NAVAL BATTLE

### WARSHIPS ATTACK OSTEND

British Bombard the  
Germans.

MONITORS THROW  
SHELLS FOUR MILES

German Submarines Are Driven  
Off by Destroyers.

London, Oct. 22.—Ostend is being  
bombarded by the British fleet, ac-  
cording to a report in Berlin, reach-  
ing here by wireless.

The admiralty announced that three  
monitors have been engaged in the  
operations on the Belgian coast, fir-  
ing on the right flank of the German  
army.

The three are the Severn, Com-  
mander Eric Fullerton; Humber,  
Commander Arthur Snagge, and Mer-  
sey, Lieutenant Commander Robert  
Wilson. They recently were purchased  
from Brazil.

Owing to their light draught they  
have been able to contribute materi-  
ally to the success of the operations in  
this district, and have already abun-  
dantly justified their acquisition on the  
outbreak of the war.

In addition, detachments with ma-  
chine guns have been landed from  
these vessels to assist in the defense  
of Nieuport, where they performed  
meritorious service.

According to the French communi-  
cation the Germans made attacks on  
the allied line at Nieuport, Dixmude  
and La Bassee.

The German general staff declares  
fighting continues on the Yser canal,  
and that the Germans, taking the of-  
fensive west of Lille, have repulsed  
the French at several points.

The reports seem to contravert op-  
timistic accounts appearing in Eng-  
lish newspapers from correspondents  
who claimed they were in West Flan-  
ders, and who stated that the Ger-  
mans had been driven back.

Disadvantage for Germans.  
The Germans, however, are believ-  
ed here to be fighting under a great  
disadvantage, especially along the  
coast, as the British ships which have  
been assisting the allies' land forces  
have long range guns capable of seri-  
ously menacing German troops and  
men in the trenches, as well as the  
ammunition trains and supply convoys  
which must remain in the immediate  
rear of the troops.

The monitors being used draw less  
than nine feet of water and can take  
up positions not far from shore, from  
which their six-inch guns and 4.7-inch  
howitzers, of which each vessel car-  
ries two, are able to throw shells  
nearly four miles across country, the  
range being given them by airmen.

The vessels assisting the allies have  
not been allowed to carry out their  
operations in peace, for German sub-  
marines have followed them down the  
coast and attacked them while they  
were shelling German positions.

These attacks, however, were made  
futile by the presence of British de-  
stroyers.

Thus far the allies have been able  
to hold Ypres. The Germans are  
striking hard at the French line in  
the vicinity of La Bassee, and have  
made counter attacks, against the  
force which for many days has been  
endeavoring to relieve Lille.

Of the fighting in Russia, the Ger-  
man official report says no decision  
has been reached, while the Russians  
claim an important victory. An offi-  
cial report received from Petrograd  
says German troops which were ad-  
vancing toward Warsaw in the region  
north of the Piltza river have been  
repulsed and now are in full retreat.

Japanese Seize German Gold.  
Tokio, Oct. 22.—A special dispatch  
received here from Sasebo says the  
Japanese, in their recent raids on the  
German islands in the South seas,  
destroyed the German military equip-  
ment. They seized \$250,000 in gold  
and also ammunition and rifles. Ten  
officials on each of the captured is-  
lands surrendered to the Japanese.

### OPIUM RING IS SMASHED

Three Chinamen Are Sentenced by  
Federal Judge in Chicago.

Chicago, Oct. 22.—The government's  
task of breaking up the so-called "mil-  
lion dollar opium ring" in Chicago  
was completed when Judge Carpenter  
in the United States court sentenced  
three of the offenders.

Chin Kee was ordered to jail until  
he pays a fine of \$10,000 and court  
costs; Leung Chin, who pleaded  
guilty, was given five years in prison,  
and Don Pook, accused of importing  
the drug, was sentenced to five months  
in the county jail.

### LATEST DEVELOPMENTS IN EUROPE.

Incassant fighting has been in pro-  
gress from the North sea coast line as  
far south as La Bassee, a distance of  
about fifty miles.

Three British monitors are shelling  
the Germans in the vicinity of Ostend,  
where, it is said, terrible execution  
has been done. Machine gun detach-  
ments also have been landed from  
these vessels and are assisting in the  
defense of Nieuport.

There has been particularly hard  
fighting in the region of Lille, where  
the British are in action. The im-  
portant French town of Lille still is  
held by the Germans.

An American commission, as the re-  
sult of an agreement reached between  
Belgium, Great Britain and Germany,  
will take under its charge the care  
of hundreds of thousands of Belgians  
who are threatened with starvation  
in their own country.

Petrograd officially announces that  
the German troops have been driven  
from roads leading to Warsaw and are  
in full retreat, having left their  
wounded on the field of battle. Simi-  
larly the Russians report that the  
advances of the Austrians in Galicia  
have been stayed.

By order of the Russian emperor  
the students of the universities and  
high schools have been called to the  
colors. These youths ordinarily are  
exempt from war service.

### CAUGHT AFTER FOURTEEN YEARS.

Toronto, Ont., Oct. 22.—In-  
dicted fourteen years ago in  
New York city on a charge of  
grand larceny arising out of  
enormous sales of alleged  
fraudulent mining stocks, Dr.  
C. C. Flower, about seventy  
years old, was arrested here at  
the request of the New York  
police, who for years trailed  
Flower in North and South  
America.

Investors in financial deals  
promoted by Flower in 1900  
were alleged to have lost about  
\$1,000,000.

Special to The Dispatch:—

Tokio, Oct. 22, 11:50 A. M.—It is officially announced that the Japan-  
ese squadron is seeking the German fleet in the neighborhood of Hawaii.

## LONDON REVIEWS WAR OPERATIONS

Special to The Dispatch:—

London, Oct. 22, 3:05 P. M.—Cavalry scouts of the Allies are reported  
to have penetrated the German right wing and blown up a railroad bridge  
between Bruges and Ghent. Berlin news advices tell of a British naval  
attack and the landing of marines at Ostend but there is no official con-  
firmation of the evacuation of that port by the Germans. London says the  
Allies will be in Brussels within a month. The Austrians say the last  
Russian has been driven from Hungarian soil, and report advances in  
Central Galicia northwest of Przemyśl.

## BRITISH WARSHIPS BOMBARD GERMANS

Special to The Dispatch:—

London, Oct. 22, 11:50 A. M.—A dispatch from Amsterdam says, "For  
three days British warships have been bombarding German troops try-  
ing to reach Nieuport. With the co-operation of the French artillery, the  
Germans were driven back on Middlekerke, where the invaders are en-  
trenching themselves."

### MEXICANS BOW TO REQUESTS

Prompt Withdrawal of Troops Fore-  
shadowed.

Washington, Oct. 22.—Prompt with-  
drawal of the American forces from  
Vera Cruz was foreshadowed by the  
approval given by the Mexican nation-  
al convention at Aguas Calientes to  
the requests of the American govern-  
ment for the protection of Mexicans  
who served the United States and  
other desired guarantees.

"The state department received word  
that the convention had instructed  
General Carranza to comply with the  
American government's requests and  
a proclamation is to be issued by him  
covering the various points involved.

The American government asked  
not only that clericals and Mexicans  
who served the American forces dur-  
ing their occupation be free from mo-  
lestation or punishment, but that  
taxes and customs duties already col-  
lected by the American officers be not  
reimposed.

Reports that General Villa had  
moved an army within threatening  
distance of the convention were not  
credited by administration officials.

### EIGHT WORDS TELL OF DESTRUCTION.

London, Oct. 22.—The first  
news of the destruction of four  
German destroyers off the  
Dutch coast reached the Brit-  
ish admiralty in two facsimile  
wireless bulletins from Cap-  
tain Cecil Fox of the light cru-  
iser, Undaunted. The first mes-  
sage read:  
"Am pursuing four German  
destroyers."  
Then came the second, "Sunk  
the lot," it read.

### AGREE ON REVENUE BILL.

Compromise Sacrifices Income of \$15,  
000,000 to \$20,000,000.

Washington, Oct. 22.—Agreement on  
the war revenue bill was reached by  
senate and house conferees at a sac-  
rifice of from \$15,000,000 to \$20,000,  
000 in revenue proposed to be de-  
rived.

At the last moment the conferees  
eliminated the proposed amendments  
to the liquor taxes, rejecting the sen-  
ate amendments to increase the tax  
on beer from \$1.50 to \$1.75 a barrel,  
and to impose a tax of 5 cents a gal-  
lon on rectified spirits.

In sacrificing these amendments, the  
conferees made no substitution. Rep-  
resentative Underwood's proposal to  
restore the tax of 2 cents a gallon on  
gasoline, as contained in the house  
bill, having been rejected by the sen-  
ate conferees.

This action fixed the estimated an-  
nual revenue at approximately \$90,  
000,000 instead of \$105,000,000 as con-  
templated in the senate bill.

### NO MEAT SHORTAGE HERE

War in Europe Will Not Affect the  
Northwest.

St. Paul, Oct. 22.—While a shortage  
of meat faces the world as a result  
of the European war South St. Paul  
packing concerns say the Northwest  
will not be affected materially and  
add that the shortage will be most  
noticeable in the East.

"The meat packers in this section  
do not come in contact with the Eu-  
ropean trade to any great extent,"  
said an official of one of the large  
packing concerns.

Local packers heartily endorse the  
movement of the American Meat Pack-  
ers' association to induce farmers to  
raise more stock.

### ZION CITY IS QUARANTINED

Refusal of Dowie Followers to Be  
Vaccinated.

Chicago, Oct. 22.—Religious beliefs  
which forbid vaccination resulted in a  
strict quarantine being placed about  
Zion City, Ill., the city founded by  
Alexander Dowie and still inhabited  
almost solely by his followers.

N. J. La Rose, health commissioner  
of Zion City, is a member of the Zion  
church and opposed to vaccination.  
Dr. C. E. Crawford, state medical in-  
spector, who went for a personal in-  
spection of the city, found a dozen  
cases of smallpox which had not been  
reported.

### PROTESTS MILITIA ACTION

Union Officer Says Colorado Troops  
Recruit Mine Guards.

Washington, Oct. 22.—Contending  
that mine guards were being sworn  
into the Colorado militia during the  
reorganization by Governor Ammons,  
John R. Lawson, an officer of the Col-  
orado district of the United Mine  
Workers, sent a protest to Chairman  
Foster of the house mines committee  
against withdrawal of federal troops  
from the strike district. Mr. Foster  
took the protest to the White House.

### IDAHO TREASURER SHORT

About \$100,000 Said to Be Unaccount-  
ed For.

Boise, Ida., Oct. 22.—It was an-  
nounced officially that a shortage  
of between \$90,000 and \$100,000 had  
been found in the accounts of State Treas-  
urer O. V. Allen, who placed his resi-  
gnation in the hands of Governor  
Haines several days ago, when ac-  
countants sent by the surety company  
on his bonds, arrived.

Further action in the case awaits  
the arrival of Governor Haines, who  
has abandoned his campaign tour be-  
cause of the treasury crisis.

German Fleet in Baltic.

London, Oct. 22.—The Copenhagen  
correspondent of the Daily Telegraph  
reports a German fleet off Falsterbo,  
Sweden, on the Baltic sea.

### WOMAN KILLED MRS. BAILEY

Frank Farrell, Witness, States  
on Stand.

### MAID SUBSTANTIATES STORY

Engineer Heard Crash of Glass and  
Shot, Then Ran—Further Testimony  
Tending to Accuse Mrs. Carman  
Produced.

Mineola, N. Y., Oct. 22.—A woman  
wearing dark clothes fired the shot  
that killed Mrs. Louise Bailey, Frank  
Farrell, an unemployed stationary en-  
gineer, told the jury that is trying  
Mrs. Florence Conklin Carman on a  
murder charge.

Farrell said that on the night of  
June 30, when the murder was com-  
mitted, he was on his way to the rear  
of the Carman house to beg for food  
when he heard a crash of glass and a  
shot.

Looking up he saw a woman dressed  
in a dark garment that extended from  
her shoulders to the ground standing  
by the window of Dr. Carman's office,  
with one hand holding a wire screen  
above her head and the other hand  
thrust through the window.

He was frightened and ran away,  
he said. He looked back once and  
saw a flash of white, as if "the wom-  
an had raised her petticoat to move  
faster." Other witnesses had testi-  
fied that on the evening of the murder  
Mrs. Carman was attired in a flowing  
dark silk kimono.

Farrell's testimony tending directly  
to connect Mrs. Carman with the mur-  
der followed that of Celia Coleman, a  
negress, who was a maid in the Car-  
man household at the time of the mur-  
der.

### Showed Blue Steel Revolver.

Celia said her mistress, dressed in  
a flowing dark silk kimono, passed  
out through the kitchen just before  
the maid heard the crash of the  
breaking glass and the report of a re-  
volver.

She swore that Mrs. Carman entered  
the kitchen through the back door  
just afterward. Mrs. Carman showed  
her a long, blue steel revolver, the  
negress said, and remarked, "I have  
shot him."

Celia Coleman made a remarkable  
witness. Every effort was made to  
shake her testimony, but throughout  
she was imperturbable. She was on  
the stand four hours.

## HEAVY DEATH TOLL IN CHINESE STORM

Entire Villages Are Swept  
Away in Floods.

Washington, Oct. 22.—Great loss of  
life followed a series of rain and wind  
storms the last week in August in the  
vicinity of Chefoo, China. Thousands  
are homeless and face famine.

The report of the ravages of the  
storm came in mail advices to the  
state department from the American  
consul at Chefoo, who also said the  
storm interfered with the early opera-  
tions of the Japanese against the Ger-  
man fortifications at Kichow. The  
report said:

"Considerable damage was done to  
property in the city of Chefoo, and  
it is probable that a score or more  
Chinese lost their lives by drowning  
and the collapsing of their mud-walled  
houses."

"A large loss of life also occurred in  
the country districts, where, in places,  
entire villages were swept away. The  
most serious aspect of the matter,  
however, is the enormous loss of  
crops all through the peninsula."

### MARINES SENT TO MANAGUA

Three Companies to Protect National  
Bank of Nicaragua.

New Orleans, Oct. 22.—Three com-  
panies of American marines have been  
transferred from the canal zone to  
Managua, capital of Nicaragua, to pro-  
tect the National Bank of Nicaragua  
and to prevent a threatened uprising  
against the Diaz government, accord-  
ing to advices received here.

## GERMANS ROUTED AT DIXMUDE, IS REPORT

London Correspondent Says in-  
vaders Flee in Disorder.

London, Oct. 22.—A dispatch to the  
Daily Chronicle says:

"Two trainloads of wounded sol-  
diers arrived here from the scene of  
the desperate fighting at Nieuport  
and Dixmude. The Germans, in great  
strength, flung themselves on these  
two points in an effort to force their  
way to Nieuport, in the hope of gain-  
ing Furnes and the French frontier."

"Despite heavy losses, the Germans  
returned to the attack three times.  
The engagement lasted the greater  
part of the day, but ultimately the  
Germans were driven back along the  
entire line."

"In the beginning, however, the Ger-  
mans carried everything before them.  
They succeeded in gaining possession  
of the town of Dixmude, but the allies'  
reinforcements, in a bayonet charge,  
swept down on the enemy with the  
stirring battle cry: 'Remember Lou-  
vain and Termonde.'"

"Desperate hand-to-hand fighting  
ensued, and gradually the German re-  
sistance crumbled. The retreat, slow  
at first, finally became a rout. The  
allies' artillery came into action and  
completed the work of demolition  
which the bayonets had begun."

### DECLARES OIL IS CONTRABAND

Seizure of American Tanker Ex-  
plained by British.

Washington, Oct. 22.—Great Brit-  
ain's determination to keep from Ger-  
many cargoes of illuminating oil which  
might be turned into fuel for army  
motor trucks, as well as for Zeppelins  
and aeroplanes, is responsible for the  
seizure of American Standard Oil  
steamers by British cruisers.

This fact was developed in confer-  
ences following the state department's  
request through Ambassador Page at  
London for the immediate release of  
the tanker John D. Rockefeller.

The Standard Oil company has  
asked the state department to secure  
the release of three of its ships, the  
John D. Rockefeller, Brindilla and  
Platura, which were captured by Brit-  
ish warships while bound from Ameri-  
can ports to neutral countries, carry-  
ing illuminating oil.

Only in the case of the Rockefeller,  
however, has the department felt war-  
ranted in taking immediate steps.

The understanding at the British  
embassy is that illuminating oil has  
been regularly declared contraband  
by the British government, but that  
the notice has not yet reached other  
powers.

### Canada More Rigid.

Ottawa, Ont., Oct. 22.—More rigi-  
dity of supervision of the German and  
Austrian residents of Canada has been  
ordered as a result of the destruction  
by bombs of a tenement in Montreal  
occupied by Russian families.

The Dominion government has or-  
dered a strict inquiry into the atti-  
tude of German and Austrians  
throughout the country.

### BELGIANS DENY GERMAN STORY

Quote Gray Book to Show No  
Military Agreement.

### PREFERRED RUIN TO PERJURY

Legation at Washington Makes Public  
Extracts From Official Papers—Docu-  
ment Places Germans on Defensive  
Before Public Tribunal.

Washington, Oct. 22.—The Belgian  
legation has made public a statement  
giving extracts from the Belgian gray  
book, in order to controvert official  
German statements that documents re-  
cently had been discovered at Brus-  
sels showing an alleged military agree-  
ment between England and Belgium  
since 1906. The statement says, in  
part:

"The Belgian nation has just re-  
ceived copies of the gray book. It  
is evident from these documents that  
there has never existed any military  
agreement between Belgium and Eng-  
land, either defensive or offensive,  
such as the German government as-  
serts to have been in existence since  
1906."

### Preferred Ruin to Perjury.

"The Belgian nation preferred ruin  
and death to the shameful perjury  
proposed to her by Germany. For this  
reason alone, Germany has devastated  
and immersed in blood a peaceful lit-  
tle country. Today she seeks to rob  
her of her honor, her only remaining  
treasure."

"The official documents, the con-  
fessions of the German statement, the  
ruins of Louvain, Malines, Aerschot,  
Termonde and of so many villages  
burned and razed to the ground, the  
blood of her children, unjustly mas-  
sacred, are the testimonies which the  
Belgian people cite before the tribunal  
of public conscience. To this tribu-  
nal, without fear, the Belgian nation  
confides the cause of her honor."

### Kaisers Nephew Found Dead.

London, Oct. 22.—A dispatch to the  
Central News says its correspondent  
in Northeastern France hears that  
near Caestre, in the Department of  
Nord, French troops found the body  
of Prince Maximilian of Hesse, who  
had been killed by revolver shots. The  
body was clad in a tunic and socks.  
There was no explanation of how the  
prince met his death.

### Americans to Feed Belgians.

London, Oct. 22.—An agreement  
has been reached by which the starv-  
ing Belgians will be fed by an Ameri-  
can commission composed of Ameri-  
can residents in London and Brus-  
sels, headed by Herbert C. Hoover of  
California. It is estimated that 700,  
000 Belgians still in their own coun-  
try are on the verge of starvation.

### Defender Faces Courtmartial.

Paris, Oct. 22.—A dispatch to the  
Havas agency from Rome says a re-  
port has been received there from  
Udine, Italy, which states that the  
Austrian general, Bruderman, the de-  
fender of Lemberg, has been depriv-  
ed of his command and ordered court-  
martialled.

### EXPRESS DRIVER MISSING

Packages Containing \$3,100 in Cash  
Also Gone.

St. Paul, Oct. 22.—Peter La Roux,  
driver for the Adams Express com-  
pany, and two packages of currency,  
one containing \$3,000 and the other  
\$100, are missing.

La Roux was sent to the Union de-  
pot to receive money. He received  
and receipted for both packages. That  
was the last seen of him.

La Roux had been in the company's  
employ only a month and had given  
no local address when engaged. He  
is about twenty-three years old.

### GUILTY OF ENGLISH MURDER

American Doctor Is Convicted in Lon-  
don Police Court.

London, Oct. 22.—Orlando Edgar  
Miller, an American who at one time  
lived in Chicago, was found guilty at  
the Old Bailey police court of man-  
slaughter. It was charged that he  
caused the death of Miss Kate Ad-  
dison Scott at Islesworth last June  
by the administration of a drug, while  
she was a patient at his sanatorium.  
Miller will be sentenced.

## HAWAII MAY SOON BE SCENE OF BIG NAVAL BATTLE

### WARSHIPS ATTACK OSTEND

### British Bombard the Germans.

### MONITORS THROW SHELLS FOUR MILES

### German Submarines Are Driven Off by Destroyers.

London, Oct. 22.—Ostend is being bombarded by the British fleet, according to a report in Berlin, reaching here by wireless.

The admiralty announced that three monitors have been engaged in the operations on the Belgian coast, firing on the right flank of the German army.

The three are the Severn, Commander Eric Fullerton; Humber, Commander Arthur Snagge, and Mersey, Lieutenant Commander Robert Wilson. They recently were purchased from Brazil.

Owing to their light draught they have been able to contribute materially to the success of the operations in this district, and have already abundantly justified their acquisition on the outbreak of the war.

In addition, detachments with machine guns have been landed from these vessels to assist in the defense of Nieuport, where they performed meritorious service.

According to the French communication the Germans made attacks on the allied line at Nieuport, Dixmude and La Bassee.

The German general staff declares fighting continues on the Yser canal, and that the Germans, taking the offensive west of Lille, have repulsed the French at several points.

The reports seem to contravert optimistic accounts appearing in English newspapers from correspondents who claimed they were in West Flanders, and who stated that the Germans had been driven back.

#### Disadvantage for Germans.

The Germans, however, are believed here to be fighting under a great disadvantage, especially along the coast, as the British ships which have been assisting the allies' land forces have long range guns capable of seriously menacing German troops and men in the trenches, as well as the ammunition trains and supply convoys which must remain in the immediate rear of the troops.

The monitors being used draw less than nine feet of water and can take up positions not far from shore, from which their six-inch guns and 4.7-inch howitzers, of which each vessel carries two, are able to throw shells nearly four miles across country, the range being given them by airmen.

The vessels assisting the allies have not been allowed to carry out their operations in peace, for German submarines have followed them down the coast and attacked them while they were shelling German positions.

These attacks, however, were made futile by the presence of British destroyers.

Thus far the allies have been able to hold Ypres. The Germans are striking hard at the French line in the vicinity of La Bassee, and have made counter attacks, against the force which for many days has been endeavoring to relieve Lille.

Of the fighting in Russia, the German official report says no decision has been reached, while the Russians claim an important victory. An official report received from Petrograd says German troops which were advancing toward Warsaw in the region north of the Pilzta river have been repulsed and now are in full retreat.

#### Japanese Seize German Gold.

Tokio, Oct. 22.—A special dispatch received here from Sasebo says the Japanese, in their recent raids on the German islands in the South seas, destroyed the German military equipment. They seized \$250,000 in gold and also ammunition and rifles. Ten officials on each of the captured islands surrendered to the Japanese.

CAUGHT AFTER  
FOURTEEN YEARS.

Toronto, Ont., Oct. 22.—Indicted fourteen years ago in New York city on a charge of grand larceny arising out of enormous sales of alleged fraudulent mining stocks, Dr. C. C. Flower, about seventy years old, was arrested here at the request of the New York police, who for years trailed Flower in North and South America.

Investors in financial deals promoted by Flower in 1900 were alleged to have lost about \$1,000,000.

Special to The Dispatch:—

Tokio, Oct. 22, 11:50 A. M.—It is officially announced that the Japanese squadron is seeking the German fleet in the neighborhood of Hawaii.

## LONDON REVIEWS WAR OPERATIONS

Special to The Dispatch:—

London, Oct. 22, 3:05 P. M.—Cavalry scouts of the Allies are reported to have penetrated the German right wing and blown up a railroad bridge between Bruges and Ghent. Berlin news advises tell of a British naval attack and the landing of marines at Ostend but there is no official confirmation of the evacuation of that port by the Germans. London says the Allies will be in Brussels within a month. The Austrians say the last Russian has been driven from Hungarian soil, and report advances in Central Galicia northwest of Przemyśl.

## BRITISH WARSHIPS BOMBARD GERMANS

Special to The Dispatch:—

London, Oct. 22, 11:50 A. M.—A dispatch from Amsterdam says, "For three days British warships have been bombarding German troops trying to reach Nieuport. With the co-operation of the French artillery, the Germans were driven back on Middlekerke, where the invaders are entrenching themselves."

### MEXICANS BOW TO REQUESTS

Prompt Withdrawal of Troops Fore-  
shadowed.

Washington, Oct. 22.—Prompt withdrawal of the American forces from Vera Cruz was foreshadowed by the approval given by the Mexican national convention at Aguas Calientes to the requests of the American government for the protection of Mexicans who served the United States and other desired guarantees.

"The state department received word that the convention had instructed General Carranza to comply with the American government's requests and a proclamation is to be issued by him covering the various points involved.

The American government asked not only that clericals and Mexicans who served the American forces during their occupation be free from molestation or punishment, but that taxes and customs duties already collected by the American officers be not reimposed.

Reports that General Villa had moved an army within threatening distance of the convention were not credited by administration officials.

EIGHT WORDS TELL  
OF DESTRUCTION.

London, Oct. 22.—The first news of the destruction of four German destroyers off the Dutch coast reached the British admiralty in two laconic wireless bulletins from Captain Cecil Fox of the light cruiser, Undaunted. The first message read:

"Am pursuing four German destroyers."

"Then came the second, 'Sunk the lot,' it read.

### AGREE ON REVENUE BILL

Compromise Sacrifices Income of \$15,000,000 to \$20,000,000.

Washington, Oct. 22.—Agreement on the war revenue bill was reached by senate and house conferees at a sacrifice of from \$15,000,000 to \$20,000,000 in revenue proposed to be derived.

At the last moment the conferees eliminated the proposed amendments to the liquor taxes, rejecting the senate amendments to increase the tax on beer from \$1.50 to \$1.75 a barrel, and to impose a tax of 5 cents a gallon on rectified spirits.

In sacrificing these amendments, the conferees made no substitution. Representative Underwood's proposal to restore the tax of 2 cents a gallon on gasoline, as contained in the house bill, having been rejected by the senate conferees.

This action fixed the estimated annual revenue at approximately \$90,000,000 instead of \$105,000,000 as contemplated in the senate bill.

### NO MEAT SHORTAGE HERE

War in Europe Will Not Affect the  
Northwest.

St. Paul, Oct. 22.—While a shortage of meat faces the world as a result of the European war South St. Paul packing concerns say the Northwest will not be affected materially and add that the shortage will be most noticeable in the East.

"The meat packers in this section do not come in contact with the European trade to any great extent," said an official of one of the large packing concerns.

Local packers heartily endorse the movement of the American Meat Packers' association to induce farmers to raise more stock.

### ZION CITY IS QUARANTINED

Refusal of Dowie Followers to Be  
Vaccinated.

Chicago, Oct. 22.—Religious beliefs which forbid vaccination resulted in a strict quarantine being placed about Zion City, Ill., the city founded by Alexander Dowie and still inhabited almost solely by his followers.

N. J. La Rose, health commissioner of Zion City, is a member of the Zion church and opposed to vaccination. Dr. C. E. Crawford, state medical inspector, who went for a personal inspection of the city, found a dozen cases of smallpox which had not been reported.

### PROTESTS MILITIA ACTION

Union Officer Says Colorado Troops  
Recruit Mine Guards.

Washington, Oct. 22.—Contending that mine guards were being sworn into the Colorado militia during the reorganization by Governor Ammons, John R. Lawson, an officer of the Colorado district of the United Mine Workers, sent a protest to Chairman Foster of the house mines committee against withdrawal of federal troops from the strike district. Mr. Foster took the protest to the White House.

### IDAHO TREASURER SHORT

About \$100,000 Said to Be Unaccounted  
For.

Boise, Ida., Oct. 22.—It was announced officially that a shortage of between \$30,000 and \$100,000 had been found in the accounts of State Treasurer O. V. Allen, who placed his resignation in the hands of Governor Haines several days ago, when accountants sent by the surety company on his bonds, arrived.

Further action in the case awaits the arrival of Governor Haines, who has abandoned his campaign tour because of the treasury crisis.

### German Fleet in Baltic.

London, Oct. 22.—The Copenhagen correspondent of the Daily Telegraph reports a German fleet off Falsterbo, Sweden, on the Baltic sea.

### WOMAN KILLED MRS. BAILEY

Frank Farrell, Witness, States  
on Stand.

### MAID SUBSTANTIATES STORY

Engineer Heard Crash of Glass and  
Shot, Then Ran—Further Testimony  
Tending to Accuse Mrs. Carman  
Produced.

Mineola, N. Y., Oct. 22.—A woman wearing dark clothes fired the shot that killed Mrs. Louise Bailey, Frank Farrell, an unemployed stationary engineer, told the jury that is trying Mrs. Florence Conklin Carman on a murder charge.

Farrell said that on the night of June 20, when the murder was committed, he was on his way to the rear of the Carman house to beg for food when he heard a crash of glass and a shot.

Looking up he saw a woman dressed in a dark garment that extended from her shoulders to the ground standing by the window of Dr. Carman's office, with one hand holding a wire screen above her head and the other hand thrust through the window.

He was frightened and ran away, he said. He looked back once and saw a flash of white, as if "the woman had raised her petticoat to move faster." Other witnesses had testified that on the evening of the murder Mrs. Carman was attired in a flowing dark silk kimono.

Farrell's testimony tending directly to connect Mrs. Carman with the murder followed that of Celia Coleman, a negress, who was a maid in the Carman household at the time of the murder.

#### Showed Blue Steel Revolver.

Celia said her mistress, dressed in a flowing dark silk kimono, passed out through the kitchen just before the maid heard the crash of the breaking glass and the report of a revolver.

She swore that Mrs. Carman entered the kitchen through the back door just afterward. Mrs. Carman showed her a long, blue steel revolver, the negress said, and remarked, "I have shot him."

Celia Coleman made a remarkable witness. Every effort was made to shake her testimony, but throughout she was imperturbable. She was on the stand four hours.

### HEAVY DEATH TOLL IN CHINESE STORM

Entire Villages Are Swept  
Away in Floods.

Washington, Oct. 22.—Great loss of life followed a series of rain and windstorms the last week in August in the vicinity of Chefoo, China. Thousands are homeless and face famine.

The report of the ravages of the storm came in mail advices to the state department from the American consul at Chefoo, who also said the storm interfered with the early operations of the Japanese against the German fortifications at Kiachow. The report said:

"Considerable damage was done to property in the city of Chefoo, and it is probable that a score or more Chinese lost their lives by drowning and the collapsing of their mud-walled houses."

"A large loss of life also occurred in the country districts, where, in places, entire villages were swept away. The most serious aspect of the matter, however, is the enormous loss of crops all through the peninsula."

### MARINES SENT TO MANAGUA

Three Companies to Protect National  
Bank of Nicaragua.

New Orleans, Oct. 22.—Three companies of American marines have been transferred from the canal zone to Managua, capital of Nicaragua, to protect the National Bank of Nicaragua and to prevent a threatened uprising against the Diaz government, according to advices received here.

### GERMANS ROUTED AT DIXMUDE, IS REPORT

London Correspondent Says in-  
vaders Flee in Disorder.

London, Oct. 22.—A dispatch to the Daily Chronicle says:

"Two trainloads of wounded soldiers arrived here from the scene of the desperate fighting at Nieuport and Dixmude. The Germans, in great strength, flung themselves on these two points in an effort to force their way to Nieuport, in the hope of gaining Furnes and the French frontier."

"Despite heavy losses, the Germans returned to the attack three times. The engagement lasted the greater part of the day, but ultimately the Germans were driven back along the entire line."

"In the beginning, however, the Germans carried everything before them. They succeeded in gaining possession of the town of Dixmude, but the allies' reinforcements, in a bayonet charge, swept down on the enemy with the stirring battle cry: 'Remember Louvain and Termonde.'"

"Desperate hand-to-hand fighting ensued, and gradually the German resistance crumbled. The retreat, slow at first, finally became a rout. The allies' artillery came into action and completed the work of demolition which the bayonets had begun."

### DECLARES OIL IS CONTRABAND

Seizure of American Tanker Ex-  
plained by British.

Washington, Oct. 22.—Great Britain's determination to keep from Germany cargoes of illuminating oil which might be turned into fuel for army motor trucks, as well as for Zeppelins and aeroplanes, is responsible for the seizure of American Standard Oil steamer by British cruisers.

This fact was developed in conferences following the state department's request through Ambassador Page at London for the immediate release of the tanker John D. Rockefeller.

The Standard Oil company has asked the state department to secure the release of three of its ships, the John D. Rockefeller, Brindilla and Platara, which were captured by British warships while bound from American ports to neutral countries, carrying illuminating oil.

Only in the case of the Rockefeller, however, has the department felt warranted in taking immediate steps.

The understanding at the British embassy is that illuminating oil has been regularly declared contraband by the British government, but that the notice has not yet reached other powers.

#### Canada More Rigid.

Ottawa, Ont., Oct. 22.—More rigid police supervision of the German and Austrian residents of Canada has been ordered as a result of the destruction by bombs of a tenement in Montreal occupied by Russian families.

The Dominion government has ordered a strict inquiry into the attitude of German and Austrians throughout the country.

### BELGIANS DENY GERMAN STORY

Quote Gray Book to Show No  
Military Agreement.

### PREFERRED RUIN TO PERJURY

Legation at Washington Makes Public  
Extracts From Official Papers—Docu-  
ment Places Germans on Defensive  
Before Public Tribunal.

Washington, Oct. 22.—The Belgian legation has made public a statement giving extracts from the Belgian gray book, in order to controvert official German statements that documents recently had been discovered at Brussels showing an alleged military agreement between England and Belgium since 1906. The statement says, in part:

"The Belgian legation has just received copies of the gray book. It is evident from these documents that there has never existed any military agreement between Belgium and England, either defensive or offensive, such as the German government asserts to have been in existence since 1906."

#### Preferred Ruin to Perjury.

"The Belgian nation preferred ruin and death to the shameful perjury proposed to her by Germany. For this reason alone, Germany has devastated and immersed in blood a peaceful little country. Today she seeks to rob her of her honor, her only remaining treasure."

"The official documents, the confessions of the German statement, the ruins of Louvain, Malines, Aerschot, Termonde and of so many villages burned and razed to the ground, the blood of her children, unjustly massacred, are the testimonies which the Belgian people cite before the tribunal of public conscience. To this tribunal, without fear, the Belgian nation confides the cause of her honor."

#### Kaisers Nephew Found Dead.

London, Oct. 22.—A dispatch to the Central News says its correspondent in Northeastern France hears that near Caestre, in the Department of Nord, French troops found the body of Prince Maximilian of Hesse, who had been killed by revolver shots. The body was clad in a tunic and socks. There was no explanation of how the prince met his death.

#### Americans to Feed Belgians.

London, Oct. 22.—An agreement has been reached by which the starving Belgians will be fed by an American commission composed of American residents in London and Brussels, headed by Herbert C. Hoover of California. It is estimated that 700,000 Belgians still in their own country are on the verge of starvation.

#### Defender Faces Courtmartial.

Paris, Oct. 22.—A dispatch to the Havas agency from Rome says a report has been received there from Udine, Italy, which states that the Austrian general, Brudermann, the defender of Lemberg, has been deprived of his command and ordered court-martialed.

### EXPRESS DRIVER MISSING

Packages Containing \$3,100 in Cash  
Also Gone.

St. Paul, Oct. 22.—Peter La Roux, driver for the Adams Express company, and two packages of currency, one containing \$3,000 and the other \$100, are missing.

La Roux was sent to the Union depot to receive money. He received and receipted for both packages. That was the last seen of him.

La Roux had been in the company's employ only a month and had given no local address when engaged. He is about twenty-three years old.

### GUILTY OF ENGLISH MURDER

American Doctor Is Convicted in Lon-  
don Police Court.

London, Oct. 22.—Orlando Edgar Miller, an American who at one time lived in Chicago, was found guilty at the Old Bailey police court of manslaughter. It was charged that he caused the death of Miss Kate Addison Scott at Islesworth last June by the administration of a drug, while she was a patient at his sanatorium. Miller will be sentenced.

**COUNTY ATTORNEY**  
**CANDIDATE FOR RE-ELECTION**

To the Voters of Crow Wing county:

In asking for re-election as County Attorney, I desire to state that I stand squarely upon my record, and ask that you compare my record as a public officer with that of my opponent.

I was busy in District Court from the first of May until after the Primary Election, and therefore could not see you, so that the votes I received at the Election, when nominated, were not because of personal solicitation or campaign. This I greatly appreciated and thank you for your support and for the confidence you placed in me.

I believe that my two years experience as county attorney makes me better qualified to perform the duties of the office if re-elected.

In actively prosecuting blind-piggers, disorderly houses, gamblers and other violators of the law as my court record will show, I have enforced the law and performed my duty, and in doing so, may have incurred the displeasure of some. This has taken much work and effort, but I believe that it has been appreciated by those who believe in Clean Government and enforcement of the law for which I stand.

I feel that my stand for Clean, Decent Government, Enforcement of the Law, Justice to all, and Special Privileges to None will be Endorsed at the General Election November Third, because I have Confidence in the Common Citizens of Crow Wing County and Those Citizens who have the County's Future Development and Prosperity at Heart.

Very sincerely yours,  
**GOTHFRED S. SWANSON,**  
County Attorney.

**Scenes in Berlin & Vicinity**

How the photographer got these views reads like a melodrama. He wrapped them around his body and got through the lines. Some trick and a daring one too, for anyone caught doing this during this period of rigid censorship (the greatest the world has ever known) is immediately killed. We have it tonight and Friday. Wouldn't you like to see Berlin and some of its excitement at this time. Other stirring scenes are shown depicting the part women are taking in London during this great crisis.

GOTHFRED S. SWANSON  
COUNTY ATTORNEY

**CANDIDATE FOR RE-ELECTION**

To the Voters of Crow Wing county:

In asking for re-election as County Attorney, I desire to state that I stand squarely upon my record, and ask that you compare my record as a public officer with that of my opponent.

I was busy in District Court from the first of May until after the Primary Election, and therefore could not see you, so that the votes I received at the Election, when nominated, were not because of personal solicitation or campaign. This I greatly appreciated and thank you for your support and for the confidence you placed in me.

I believe that my two years experience as county attorney makes me better qualified to perform the duties of the office if re-elected.

In actively prosecuting blind-piggers, disorderly houses, gamblers and other violators of the law as my court record will show, I have enforced the law and performed my duty, and in doing so, may have incurred the displeasure of some. This has taken much work and effort, but I believe that it has been appreciated by those who believe in Clean Government and enforcement of the law for which I stand.

I feel that my stand for Clean, Decent Government, Enforcement of the Law, Justice to all, and Special Privileges to None will be Endorsed at the General Election November Third, because I have Confidence in the Common Citizens of Crow Wing County and Those Citizens who have the County's Future Development and Prosperity at Heart.

Very sincerely yours,  
GOTHFRED S. SWANSON,  
County Attorney.

### Mixed Up the Wedding

In handling the slugs which make up the lines in a newspaper, and in separating the various items, the makeup man sometimes gets the lines mixed up and they naturally read rather queer. As an illustration of what can happen, we cite the mixup of the Bangor, Pa., News a few days ago when the printer got a wedding and an auction sale mixed up with the following results:

"William Smith, the only son of Mr. and Mrs. Jos. Smith, and Miss Lucy Anderson were disposed of at public auction at my farm one mile east, in the presence of 70 guests, including two mules and 12 head of cattle.

"Rev. Johnson tied the nuptial knot for the parties, averaging 1,250 pounds on hoof. The beautiful home of the bride was decorated with one sulky rake, one feed grinder and two sets of work harness, nearly new, and just before the ceremony was pronounced the Mendel and Sons wedding march was rendered by one milch cow, five years old, one Jersey cow and one sheep, who carrying a bunch of bride's roses in her hand, was very beautiful. She wore one light spring wagon, two crates of apples, three sacks of hay, one grindstone of mousseline de sole and trimmings with about one hundred bushels of spuds. The bridal couple left yesterday on an extended trip. Terms spot cash."

### Not a Dancing Floor.

"This apartment is not big enough to turn around in," said Mr. Groucher. "You are not supposed to turn around in it," replied the agent icily. "We are letting apartments, not ballrooms,"—Washington Star.

### PERSONAL MENTION

Mrs. Agnes Thoe returned from Walker this noon.

Mrs. F. E. Lowe, the guest of her son-in-law and daughter, Mr. and Mrs. G. W. Chadbourne, has returned to her home in Fargo, N. D., after a pleasant visit.

Mrs. E. Willis, of 518 South Ninth street, will leave Saturday for her new home in Chicago, accompanied by her son, John Willis and daughter, Miss May Willis. Mr. Willis will study shorthand reporting to qualify as a court reporter.

### SURPRISE PARTY

Mrs. Ellen A. Spalding Visited by Group of Friends on the Occasion of her 83rd Birthday

Mrs. Ellen A. Spalding, of 204 North Ninth street, was pleasantly surprised on the occasion of her eighty-third birthday by a group of ten friends. She was showered with presents. Refreshments were served and all spent an enjoyable afternoon.

### Court Magnolia

A regular meeting of Court Magnolia, United Order of Foresters, will be held on Monday evening, October 26, at Elks hall.

### Tracing From Fabrics

If a friend has a handsome embroidered centerpiece that you would like to copy, and neither of you have a pattern, it might seem impossible to make a tracing from it, especially if the embroidery is heavily padded or punched.

Place a piece of clear glass over the centerpiece, and over this a piece of tracing paper, hold it in position with the left hand, or use paper weights; trace the outline of the design on the paper with a medium hard pencil. By this method any design can be copied without damage to the embroidery.

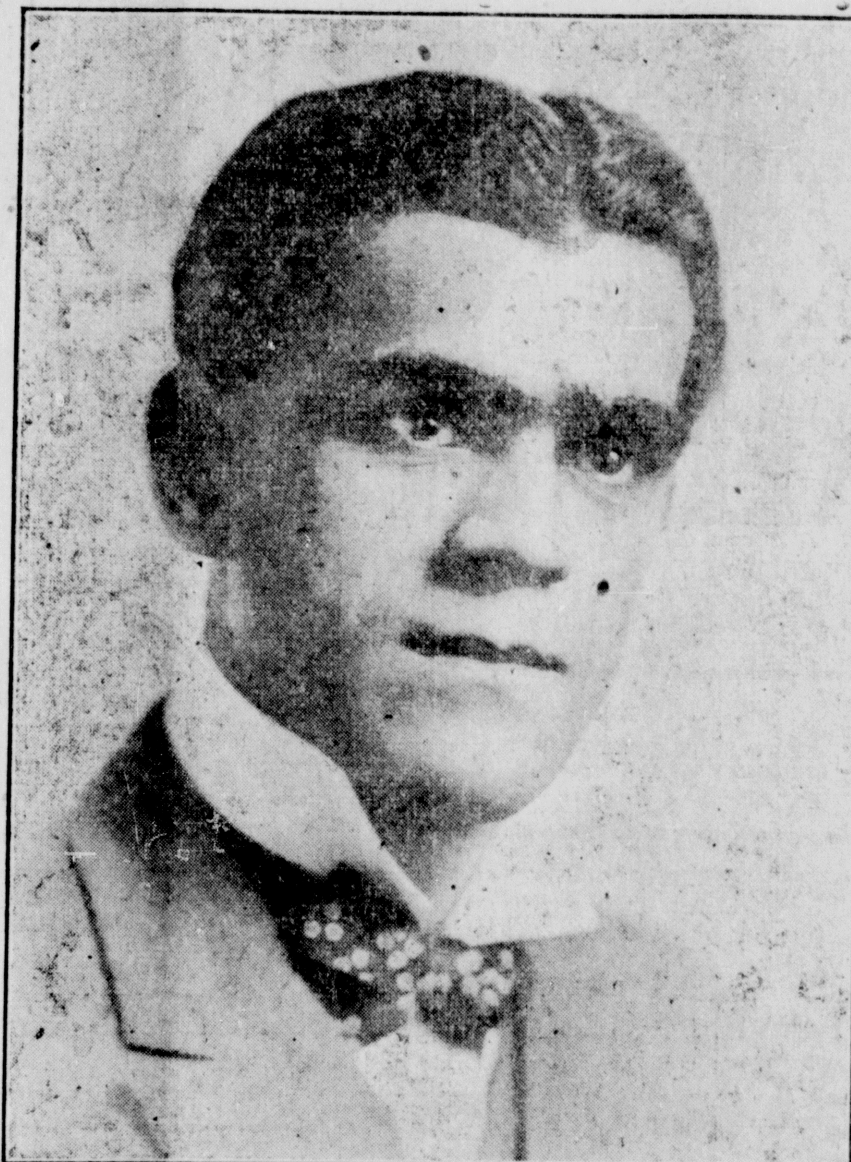

Cretonne, chintz and silks of the present day have the most fascinating patterns, groups of flowers geometrical forms, birds, and even fish, all arranged in quaint designs and usually in brilliant colors. Few people realize that these patterns are equally charming as embroidery motifs, and one need not be an artist or designer to copy them.

While some of the prettiest patterns are quite expensive, watch the remnant counters, and you can buy tiny pieces for a small sum. An eighth of a yard is often sufficient, if it contains one repeat of the pattern. Place the glass over it and make a clean, sharp tracing. Then if you wish to use the design on a collar—perhaps a pattern in each corner—use carbon paper and transfer to the material.

Embroider the design in the original colors if you wish. The small patterns require less time to embroider. However, if a large design is used, simply outline the edges and fill in the large spaces with French knots or seed stitch.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. ## Mixed Up the Wedding

In handling the slugs which make up the lines in a newspaper, and in separating the various items, the makeup man sometimes gets the lines mixed up and they naturally read rather queer. As an illustration of what can happen, we cite the mixup of the Bangor, Pa., News a few days ago when the printer got a wedding and an auction sale mixed up with the following results:

"William Smith, the only son of Mr. and Mrs. Jos. Smith, and Miss Lucy Anderson were disposed of at public auction at my farm one mile east, in the presence of 70 guests, including two mules and 12 head of cattle.

"Rev. Johnson tied the nuptial knot for the parties, averaging 1,250 pounds on hoof. The beautiful home of the bride was decorated with one sulky rake, one feed grinder and two sets of work harness, nearly new, and just before the ceremony was pronounced the Mendel and Sons wedding march was rendered by one milch cow, five years old, one Jersey cow and one sheep, who carrying a bunch of bride's roses in her hand, was very beautiful. She wore one light spring wagon, two crates of apples, three sacks of hay, one grindstone of mouseline de sole and trimmings with about one hundred bushels of spuds. The bridal couple left yesterday on an extended trip. Terms spot cash."

## Not a Dancing Floor.

"This apartment is not big enough to turn around in," said Mr. Groucher. "You are not supposed to turn around in it," replied the agent icily. "We are letting apartments, not ballrooms."—Washington Star.

## Tracing From Fabrics

If a friend has a handsome embroidered centerpiece that you would like to copy, and neither of you have a pattern, it might seem impossible to make a tracing from it, especially if the embroidery is heavily padded or punched.

Place a piece of clear glass over the centerpiece, and over this a piece of tracing paper, hold it in position with the left hand, or use paper weights; trace the outline of the design on the paper with a medium hard pencil. By this method any design can be copied without damage to the embroidery.

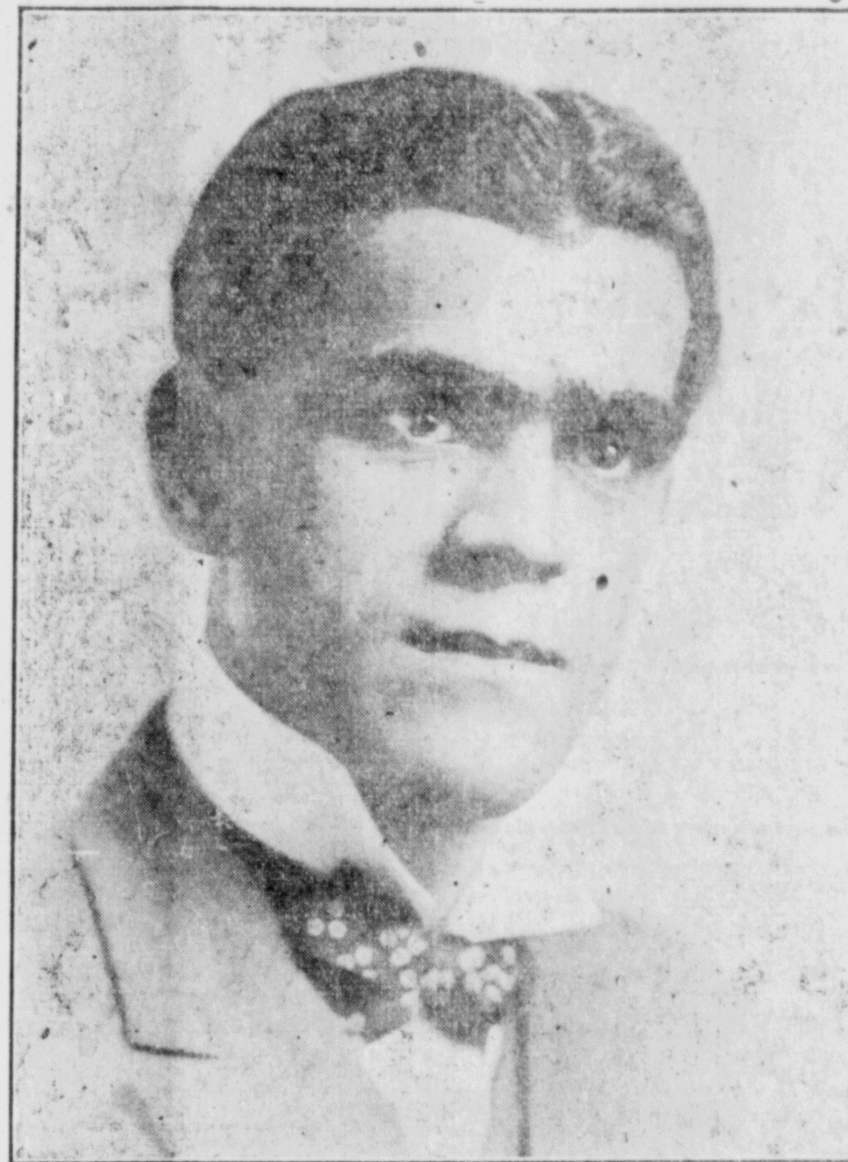

Cretonne, chintz and silks of the present day have the most fascinating patterns, groups of flowers, geometrical forms, birds, and even fish, all arranged in quaint designs and usually in brilliant colors. Few people realize that these patterns are equally charming as embroidery motifs, and one need not be an artist or designer to copy them.

While some of the prettiest patterns are quite expensive, watch the remnant counters, and you can buy tiny pieces for a small sum. An eighth of a yard is often sufficient, if it contains one repeat of the pattern. Place the glass over it and make a clean, sharp tracing. Then if you wish to use the design on a collar—perhaps a pattern in each corner—use carbon paper and transfer to the material.

Embroider the design in the original colors if you wish. The small patterns require less time to embroider. However, if a large design is used, simply outline the edges and fill in the large spaces with French knots or seed stitch.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. #### Why Germans Invaded Belgium

Although the general reason that prompted Germany to make its way into France through Belgian territory is generally recognized the necessity of finding suitable roads for the transportation of her immense field guns, which have only recently been disclosed, was a most compelling element in her decision. This feature of the campaign is set forth in an interesting manner in the special war issue of the Scientific American of October 3rd, which also gives a number of illustrations of these novel engines of war. The facts are stated in this story as follows:

It must be admitted, however, that the very qualities of weight and power which make the 11-inch mortar such a formidable piece, nevertheless constitute a most serious problem of transportation. In spite of the skill with which the design has been worked out, with its large diameter pedestal wheels, the weight of one of these mortars is such that it demands the very best of conditions of roadway for its successful, or, at least for its speedy transportation. To handle these pieces successfully, whether in advance of retreat, calls for the highest class of military roads, roads which as far as possible shall be free from heavy grades. Therein, no doubt, is to be found one predisposing cause which led the Germans to cling so tenaciously to their plan of campaign through Belgian territory. The magnificent highways through Belgium and northern France, stretching as they do, through comparatively level country, are ideal for the transportation of batteries of these heavy siege guns rapidly to the fortifications of the French capital. At the outset of the war, the world wondered how the Germans could expect, as they evidently did, to be within the city of Paris in a few weeks time. The answer is to be found in their belief in the invincibility of the huge armies which they were prepared to pour through Belgium, and in the ability of this 11-inch mortar to cut a wide swath through the engirdling fortifications of Paris. The Germans, in our belief, never contemplated for a moment, a complete investment of Paris such as they made in 1870 to 1871. These 11-inch mortars have made such an investment unnecessary. Had the French-British resistance to the enveloping tactics of the German right been less successful, it is probable that the German army would have been in Paris at the present time.

#### Size and Power of Big Guns

The one big surprise for military experts thus far developed in the European war is the effectiveness of the heavy guns of the German field artillery, says the November Popular Mechanics Magazine, in an illustrated article. Never before have such terrible engines of annihilation been carried by an invading army as those used in the assaults upon the forts at Liege.

It had long been realized that more powerful guns would be needed in the field if modern inland fortifications were to be made to fall before an army, but there was apparent security in the fact that guns large enough for such a purpose would be too large to be transported from point to point. Even were motive power available, the enormous weight of the guns would make all but the hardest of paved highways impassable for them. But the development of the internal combustion tractor solved the transportation problem, while that of hauling heavy weights over soft ground was solved by the invention of a detachable tread for the rims of gun-carriage wheels. With these for use on bad roads, it has been possible for the Germans to rush to the front their enormous 11-inch howitzers, which are nearly as great as the American 12-inch coast defense guns and weigh 20 tons.

The ingenuity of the Krupp engineers did not stop here. They succeeded in building a gun able to hurl projectiles through steel and concrete walls, such as those at Liege, almost as easily as if the works were of lath and plaster. The story of carnage and destruction wrought by a single shell from this masterpiece burdens

the imagination. Profound secrecy has clothed the details of the construction of the machine, which was invented some eight years ago, tested and for obvious reasons subsequently pronounced a failure. It fires a 16.5 inch projectile and when used at Liege against Fort Loncin, was mounted on a base of concrete having a 109-foot radius. A tunnel leading to a subterranean chamber was excavated some at the rear, from which the gun was fired by electricity.

#### IF THE GERMANS WIN

Norman Hapgood in Harper's Weekly says: If the allies win we know what to expect. England has long been in control of the seas, Canada and the United States are like two lambs. We need no mighty armament. Great Britain respects our wishes in South America. She even accepted Cleveland's Venezuela roughness when she could so easily have wiped our navy from the seas.

When Germany wished to form a combination in favor of Spain, the kaiser was stopped by England. When the German admiral at Manila sought the intentions of the British admiral in case of a clash, the British admiral is reported to have answered, "Admiral Dewey knows what I will do."

#### A NATURAL ICE MINE

Among the rugged foothills of the Alleghenies, just beyond Coudersport, Pa., one may see a most curious nat-

ural phenomenon. In a cave a few feet below the surface is a natural ice mine, the ceiling, walls and floor of the cave being perpetually covered with thick ice. Curiously enough, during the heat of summer the ice is much thicker than in the coldest winter, says the World Wide magazine.

Chemists who have tested the ice pronounce it to be an absolutely pure natural ice, but no one has been able to discover the cause of this unusual formation, although several theories have been proposed. Some scientists believe that underground water, rising from great depths, congeals upon the walls; but all theories thus far advanced have been unconfirmed, and the origin of the ice mine remains as much of a mystery as ever.

#### FORT RIPLEY NEWS

On Monday night of this week the saloon of Gus Raymond was broken into. Entry was made by breaking a pane of glass in a window in the barbershop in a room adjoining the saloon. The barber's razors were used to cut out a panel in the door leading to the saloon. The invaders made away with the slot machine from which \$30 was taken. Mr. Raymond estimates his loss at about \$100 in cigars and liquors and the contents of the slot machine. A number of suspicious looking characters had been seen around town for two days previous to the robbery, but no arrests have been made as no evidence

is available sufficient to warrant the arrest of any one. The same night the residence of Mr. Hurley, the N. P. agent, was entered but it has not been learned whether anything was taken or not. Mr. Hurley and family being away on his vacation.

Mr. Dunning returned last week from North Dakota where he had been for several months looking after his large farming interests near Minot. Mr. Dunning is now harvesting his potatoes on his river farm. The crop is good, but the prices!

Mr. Emil Carow who was in Dakota all summer, has also returned to Ft. Ripley for the winter.

Mr. Ebb Hawley, who formerly resided in Clear Lake, S. D., has moved with his family on the Hatch farm which he recently bought.

A potato contest was held in the school last Friday. The entries were few but of most excellent quality. The prize of 25 cents offered by the teacher, Mr. Wilson, was awarded to Miss Eva Grabel. All the exhibits will be taken to the December meeting of the Northern Minnesota Development association to be held in Brainerd.

#### BREAKS A COLD IN FEW HOURS—TRY IT!

First dose of Pape's Cold Compound relieves all the gripe misery—Contains no quinine

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

#### Hopeless Lung Trouble Cured

Many recoveries from lung troubles are due to Dr. Bell's Pine-Tar-Honey. It strengthens the lungs, checks the cough and gives relief at once.—Mr. W. S. Wilkins, Gates, N. C., writes: "I used Dr. Bell's Pine-Tar-Honey and it effected a complete cure." Get a bottle of Dr. Bell's Pine-Tar-Honey. If your cough is dry and hacking let it trickle down the throat, you will surely get relief. Only 25c at your druggist. H. P. Dunn, druggist.—Advt. tts

## Secrets of Beautiful Hair

The first secret is a clean, healthy scalp. But don't wash it with soap. The strong, free alkali in many soaps parches the scalp and makes the hair dull, listless and brittle. Mason's Magic Shampoo cleanses the scalp thoroughly and frees it from dandruff and excessive oil. The tonic action of its vegetable oils and antiseptics stimulates the underlying glands and promotes growth of the hair, giving it fullness and a beautiful, silky lustre. Hair dries quickly and evenly and is easy to do up. Use Mason's Magic Shampoo for 60 days and you'll marvel at your beautiful hair. 25c—50c per package.

This is a remarkable genuine hair tonic, different from and vastly superior to all others. It positively contains no alcohol. Alcohol too quickly absorbs the natural oil of the hair and scalp, making it excessively dry and thereby creates dandruff and brittle hair. Mason's Magic Hair Tonic keeps the scalp in a healthy condition free from dandruff and by its stimulating action of the hair follicles, aids the growth of the hair. It almost immediately stops the hair from falling out and speedily creates a new and abundant growth. Money refunded if it fails. 50c per bottle.

#### Citizenship.

Aliens of the age of twenty-one and upward, who have enlisted in the armies of the United States, in the regular or volunteer forces, and have been honorably discharged, are entitled to become citizens upon petition, without previous declaration of intention, and are not required to prove more than one year's residence.

the imagination. Profound secrecy has clothed the details of the construction of the machine, which was invented some eight years ago, tested and for obvious reasons subsequently pronounced a failure. It fires a 16.5 inch projectile and when used at Liege against Fort Loncin, was mounted on a base of concrete having a 100-foot radius. A tunnel leading to a subterranean chamber was excavated some at the rear, from which the gun was fired by electricity.

#### IF THE GERMANS WIN

Norman Hapgood in Harper's Weekly says: If the allies win we know what to expect. England has long been in control of the seas. Canada and the United States are like two lambs. We need no mighty armament. Great Britain respects our wishes in South America. She even accepted Cleveland's Venezuela roughness when she could so easily have wiped our navy from the seas.

When Germany wished to form a combination in favor of Spain, the Kaiser was stopped by England. When the German admiral at Manila sought the intentions of the British admiral in case of a clash, the British admiral is reported to have answered, "Admiral Dewey knows what I will do."

#### A NATURAL ICE MINE

Among the rugged foothills of the Alleghenies, just beyond Conderport, Pa., one may see a most curious nat-

ural phenomenon. In a cave a few feet below the surface is a natural ice mine, the ceiling, walls and floor of the cave being perpetually covered with thick ice. Curiously enough, during the heat of summer the ice is much thicker than in the coldest winter, says the World Wide magazine.

Chemists who have tested the ice pronounce it to be an absolutely pure natural ice, but no one has been able to discover the cause of this unusual formation, although several theories have been proposed. Some scientists believe that underground water, rising from great depths, congeals upon the walls; but all theories thus far advanced have been unconfirmed, and the origin of the ice mine remains as much of a mystery as ever.

#### FORT RIPLEY NEWS

On Monday night of this week the saloon of Gus Raymond was broken into. Entry was made by breaking a pane of glass in a window in the barbershop in a room adjoining the saloon. The barbers' razors were used to cut out a panel in the door leading to the saloon. The invaders made away with the slot machine from which \$30 was taken. Mr. Raymond estimates his loss at about \$100 in cigars and liquors and the contents of the slot machine. A number of suspicious looking characters had been seen around town for two days previous to the robbery, but no arrests have been made as no evidence

is available sufficient to warrant the arrest of any one. The same night the residence of Mr. Hurley, the N. P. agent, was entered but it has not been learned whether anything was taken or not. Mr. Hurley and family being away on his vacation.

Mr. Dunning returned last week from North Dakota where he had been for several months looking after his large farming interests near Minot. Mr. Dunning is now harvesting his potatoes on his river farm. The crop is good, but the prices!

Mr. Emil Carow who was in Dakota all summer, has also returned to Ft. Ripley for the winter.

Mr. Ebb Hawley, who formerly resided in Clear Lake, S. D., has moved with his family on the Hatch farm which he recently bought.

A potato contest was held in the school last Friday. The entries were few but of most excellent quality. The prize of 25 cents offered by the teacher, Mr. Wilson, was awarded to Miss Eva Grabell. All the exhibits will be taken to the December meeting of the Northern Minnesota Development association to be held in Brainerd.

## Secrets of Beautiful Hair

The first secret is a clean, healthy scalp. But don't wash it with soap. The strong, free alkali in many soaps paralyzes the scalp and makes the hair dull, listless and brittle. Mason's Magic Shampoo cleanses the scalp thoroughly and frees it from dandruff and excessive oil. The tonic action of its vegetable oils and antiseptics stimulates the underlying glands and promotes growth of the hair, giving it fullness and a beautiful, silky lustre. Hair dries quickly and evenly and is easy to do up. Use Mason's Magic Shampoo for 60 days and you'll marvel at your beautiful hair. 25c-50c per package.

This is a remarkable genuine hair tonic, different from and vastly superior to all others. It positively contains no alcohol. Alcohol too quickly absorbs the natural oil of the hair and scalp, making it excessively dry and thereby creates dandruff and brittle hair. Mason's Magic Hair Tonic keeps the scalp in a healthy condition free from dandruff and by its stimulating action of the hair follicles, aids the growth of the hair. It almost immediately stops the hair from falling out and speedily creates a new and abundant growth. Money refunded if it fails. 50c per bottle.

#### Citizenship.

## RECORDS SUNDAY SCHOOL WORK

Walter J. Smith, Sunday School Missionary, Traveled 2,692 Miles in His District

### 16 SUNDAY SCHOOLS STARTED

Mr. Smith Will Attend Annual Conference of American Sunday School Union at Fargo

Walter J. Smith of the American Sunday School Union will leave Tuesday, October 27, for Fargo, N. D., where the missionaries of four states will gather in their annual conference.

The following is a report of Mr. Smith's work for eight months, from March 1st to November 1st, 1914. Sixteen Sunday schools were started with an enrolment of 507; 49 other union Sunday schools were visited, bringing him in touch with 1549 pupils. He visited 327 families, and delivered 88 Gospel sermons and addresses. There were 462 professed conversions, and two churches sprang from union schools. To accomplish this work 2692 miles were traveled with horse and buggy and 190 days were spent on the field.

When the missionaries and district superintendents of the states of Minnesota, North Dakota and Montana gather in the Y. M. C. A. at Fargo in their annual conference, Oct. 27th to Nov. 3rd, it will bring together the largest force of paid Sunday school workers ever assembled in that state. These men represent more than 700 Union Sunday schools in our rural districts of the three states over which they travel, where there are approximately 25,000 enrolled as regular pupils. In addition to these schools there are about 300 preaching stations where they go with more or less regularity, making in all about 1,000 neighborhoods to which they minister in the most remote places in the Northwest. Rev. John O. Ferris of Minneapolis, district superintendent, reports that a very strong program is arranged, where subjects pertaining to the rural church life will be discussed by men of national reputation and well known ability; among others Rev. Geo. P. Williams, D. D., Secretary of Missions, Prof. James McConaughy, managing editor of the publications, both of Philadelphia, will be present. Rev. W. W. Johnstone, D. D., of Chicago, superintendent of the Lakes District, will also deliver two addresses. Rev. Jos. Wells of Des Moines, Iowa, superintendent of the western district, who has spent 30 years in the work of the rural church of the central states, will be in attendance.

Many people in this district have been contributing to the American Sunday school Union for many years and will avail themselves of the opportunity of attending these meetings that they may come in personal touch with the men who are doing the Gospel work on the firing lines.

Many of the homes in Fargo and Moorhead are thrown open for the entertainment of the missionaries on the Harvard plan while in attendance at the conference.

On Sunday, November 1st, these visiting missionaries and superintendents will occupy the various pulpits and will report on the work done in the newer settlements.

The Sunday school people in Minnesota rejoice in the progress being made along the lines of missionary endeavor. Many have been asking "What are we doing to open more Sunday schools?" The American Sunday School Union is answering that question every day since the national society was organized over 90 years ago, this body has opened at the rate of nearly four schools a day, 248 missionaries are now at work in the United States; Minnesota has 18 of them in the state. These men are inter-denominational workers. They represent 8 different denominations.

## FARGO COUPLE WERE MURDERED

Bodies of Mr. and Mrs. Charles Washam Found in the Mississippi River Near St. Louis

### HAD LETTERS FROM BRAINERD

Inquiry Here Revealed the Fact that they Were Transients and Had Been in City in 1910

Answering queries from the Minneapolis Journal and the St. Louis Republic regarding Charles Washam and Mary Washam, who were found murdered near St. Louis, Mo., it was found they had been transients in Brainerd and had been here in 1910 while on their way to Jamestown, N. D. Inquiries from Brainerd people acquainted in Jamestown elicited the response that no one knew of a family of that name in Jamestown. Under date of St. Louis, Mo., Oct. 21, this is printed regarding the finding of the bodies of Mr. and Mrs. Charles Washam:

Reconstructing the crime with mute evidence found in an abandoned camp ten miles north of here, on Cabaret island, the police of Venice, Ill., opposite that point, have reached the conclusion that the bodies of the man and woman found floating in the Mississippi river at St. Louis two weeks ago are Mr. and Mrs. Charles S. Washam of Fargo, N. D., and that they were killed as they slept by robbers.

A fisherman accidentally discovered the ruins of the camp. A tent blown down by the wind, several pieces of a man's and woman's wearing apparel, an alarm clock, cooking outfit and other equipment strewn about the seldom-inhabited island, indicated the recently established camp was deserted hurriedly.

Yesterday the marriage license of Mr. and Mrs. Charles S. Washam of Fargo, N. D., together with several postcards addressed to the couple, were found on the scene. The bodies that were taken from the river were partially clad and the clothes found on the island were of a size to fit the couple.

The police presume the couple were murdered while asleep and their bodies thrown into the river. As no money or valuables were found at the camp the police further presume robbery was the motive. The woman's body, when taken from the river here, was weighted down by a 25-pound sandbag tied to the waist. Neither body bore distinguishable marks of violence, but the coroner who held the autopsy declared death in each case probably had come before the bodies entered the water, as there was no water in the lungs.

The marriage certificate showed that the couple were married at Fargo in 1909 and that Mrs. Washam's maiden name was Mary Ann Knote. One of the postal cards was addressed to Mrs. Mary Washam at Brainerd, Minn., and another to Charles Washam, also of Brainerd. The postals indicated that Mr. and Mrs. Washam had contemplated a pleasure trip down the Mississippi river. An abandoned skiff found near the camp is believed to have been used by the couple.

Sick Headache, Bad Breath, Sour Stomach, Clean Liver and Bowels are Clogged—Cheer up!

Get a 10-cent box.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

## SWIMMING HOLE MADE FAMOUS

James Whitcomb Riley's Swimming Hole Painted From Photograph and Meets Great Favor

### ARTIST IN THE SPOTLIGHT

Pupil of Wink the Wizard, Painting at Michael Store, Becomes Successful Painter

W. P. Wink, the lightning artist painting beautiful pictures at the H. F. Michael store, relates many interesting reminiscences.

In speaking of the old masters he mentioned how they often dated pictures, for instance 1790 to 1793, meaning they had added touches to their masterpieces in the years designated, and that it really took that long to paint the picture.

Mr. Wink, on the other hand, paints his pictures so rapidly that one patron said he would have to date his, for example, W. P. Wink, painted Oct. 20, 7:30 to 7:45 P. M.

But the story to be told is that of James Whitcomb Riley's swimming hole. A pupil of Mr. Wink's named W. A. Baxter, became proficient enough to accept engagements and was painting pictures at Greenfield, Ind., at the opening of a department store.

He was given the photograph of a swimming hole near the home of the great Hoosier poet and so well did he paint it that it was universally commented on and received the favorable notice of the poet, and also a page writeup in an Indianapolis paper.

The swimming hole picture made a great hit. It was copyrighted by the painter, Riley Day was proclaimed in Indiana. Schools sold buttons and raised a fund, purchasing therewith a bust of Riley and a swimming hole picture. Every school in Indiana got this collection. Mr. Wink said that it showed how pictures sold when the right chord of popular fancy was struck.

Mr. Wink will paint this scene for the school children on Friday afternoon at 4 o'clock.

### FLAK ITEMS

Mrs. Phillips, who has been sick for some time, is not improving very rapidly. It is thought on account of her old age.

The meetings that have been held at the Nokay Lake school house where Miss Jennie Nelson has been teaching, have closed. A fine report was given of all the meetings as they were all well attended and many were converted. On Sunday afternoon the school house was so crowded that a car load of people came as far as the porch and then turned and went home. There wasn't enough standing room.

A shadow social has been planned to be held at the school house in Dist. 38, which is to take place Oct. 30. A fine Halloween entertainment has been prepared for the occasion. All that the district asks is, come to our school with your pocket books full, and all ready for a good time. The teacher wants a clock for her school room.

A big dance was given at the new hall at Long Lake Saturday night.

Mrs. Hillman and son William, were in Brainerd Saturday.

Mr. J. E. Roderick went to town Friday on business.

The men from Brainerd who attended the meeting held at the Nokay Lake school house Sunday afternoon were Rev. Satterlee, Messrs. Grant, Tracy, Turner, Hutchinson, Kelsven, Dan Lawrence, Noble, Gothfred Swanson, H. A. Swanson, Willie Swanson and others. Everybody appreciated the talks given by each of them. They were all interesting. Rev. Satterlee is well known for his singing, especially at Nokay Lake, where he helped Mr. Martin with several songs.

A Young Men's Dorcas meeting was held at the home of Mr. and Mrs. La Favor.

A meeting was held at the home of Mr. and Mrs. Wm. Lewis led by Mr. Martin. Eight were reported to have been converted through it.

Mr. and Mrs. Polstrom have been visiting relatives in the city for a few days.

Mr. and Mrs. Wheeler Roderick drove to Osgood last week to spend a short visit with Mrs. W. Roderick's parents.

### MUSIC AND DRAMA

#### At the Columbia

There should be many folks in this city who would greatly enjoy seeing scenes in Berlin at this critical time. The eyes of the entire world are centered on this city and owing to the rigid censorship which now exists views from there now are almost impossible to get. The camera man who finally got these films to America if printed would in itself make a novel of thrilling adventure. The penalty of smuggling films at this time is death as everyone knows, and there are those who will discredit these pictures but the Selig company stand back of them as being absolutely authentic. Other scenes of London, etc., are also included.

Mary Pickford has seldom appeared in a play in which we could so heartily recommend as "Love Amid the Roses." The entire play breathes of all that is pure and good. "Broncho Billy Trapped" should make a strong appeal to those who love a story of the west. Everyone knows that how in these plays G. M. Anderson excels. The comedy produced by Selig promises to open a new vein of comical stunts which will make a wide appeal.

Saturday the Columbia have contracted for a very strong feature entitled "The Derelicts." The new Biograph company recently organized for the first time will be seen here. "The Derelicts" will give one a fair idea of what this new company will offer the public in the future.

#### At the Grand

He was given the photograph of a swimming hole near the home of the great Hoosier poet and so well did he paint it that it was universally commented on and received the favorable notice of the poet and also a page writeup in an Indianapolis paper.

The swimming hole picture made a great hit. It was copyrighted by the painter. Riley Day was proclaimed in Indiana. Schools sold buttons and raised a fund, purchasing therewith a bust of Riley and a swimming hole picture. Every school in Indiana got this collection. Mr. Wink said that it showed how pictures sold when the right chord of popular fancy was struck.

Mr. Wink will paint this scene for the school children on Friday afternoon at 4 o'clock.

### FLAK ITEMS

Mrs. Phillips, who has been sick for some time, is not improving very rapidly. It is thought on account of her old age.

The meetings that have been held at the Nokay Lake school house where Miss Jennie Nelson has been teaching, have closed. A fine report was given of all the meetings as they were all well attended and many were converted. On Sunday afternoon the school house was so crowded that a car load of people came as far as the porch and then turned and went home. There wasn't enough standing room.

A shadow social has been planned to be held at the school house in Dist. 38, which is to take place Oct. 30. A fine Halloween entertainment has been prepared for the occasion. All that the district asks is, come to our school with your pocket books full, and all ready for a good time. The teacher wants a clock for her school room.

A big dance was given at the new hall at Long Lake Saturday night.

Mrs. Hillman and son William, were in Brainerd Saturday.

Mr. J. E. Roderick went to town Friday on business.

The men from Brainerd who attended the meeting held at the Nokay Lake school house Sunday afternoon were Rev. Satterlee, Messrs. Grant, Tracy, Turner, Hutchinson, Kelsven, Dan Lawrence, Noble, Gothfred Swanson, H. A. Swanson, Willie Swanson and others. Everybody appreciated the talks given by each of them. They were all interesting. Rev. Satterlee is well known for his singing, especially at Nokay Lake, where he helped Mr. Martin with several songs.

A Young Men's Dorcas meeting was held at the home of Mr. and Mrs. La Favor.

A meeting was held at the home of Mr. and Mrs. Wm. Lewis led by Mr. Martin. Eight were reported to have been converted through it.

Mr. and Mrs. Follstrom have been visiting relatives in the city for a few days.

Mr. and Mrs. Wheeler Roderick drove to Ossipee last week to spend a short visit with Mrs. W. Roderick's parents.

Amendment No. 3 arranges for the protection by the state legislature for the people from the proceeds derived from the sale of state lands and timber, thus putting the state land in a self supporting condition and doing away with a yearly appropriation from taxes. Vote for this amendment. 1186

## HAMMOND HERE FRIDAY EVENING

Candidate for Governor of Minnesota Coming in a Big Special Train From Crookston

### WILL VISIT THE CUYUNA RANGE

Stops to be at Deerwood, Crosby and Ironton—Big Rally in Brainerd Friday Night

Winfield Scott Hammond, candidate for governor of Minnesota, will leave Crookston Friday in a special train and will stop with his party at Staples and Brainerd.

Friday afternoon he will visit Deerwood, Crosby and Ironton on the range and returning, will speak at Brainerd Friday evening. Gardner auditorium will be the scene of a great political rally. A band has been engaged to furnish music.

Mr. Hammond will speak on the issues of the campaign and his platform. The program includes a five minutes speech by Dr. J. A. DuBois, candidate for congress from the sixth district.

### MUSIC AND DRAMA

#### At the Columbia

There should be many folks in this city who would greatly enjoy seeing scenes in Berlin at this critical time. The eyes of the entire world are centered on this city and owing to the rigid censorship which now exists views from there now are almost impossible to get. The camera man who finally got these films to America if printed would in itself make a novel of thrilling adventure. The penalty of smuggling films at this time is death as everyone knows, and there are those who will discredit these pictures but the Selig company stand back of them as being absolutely authentic. Other scenes of London, etc., are also included.

Mary Pickford has seldom appeared in a play in which we could so heartily recommend as "Love Amid the Roses." The entire play breathes of all that is pure and good. "Broncho Billy Trapped" should make a strong appeal to those who love a story of the west. Everyone knows that how in these plays G. M. Anderson excels. The comedy produced by Selig promises to open a new vein of comical stunts which will make a wide appeal.

Saturday the Columbia have contracted for a very strong feature entitled "The Derelicts." The new Biograph company recently organized for the first time will be seen here. "The Derelicts" will give one a fair idea of what this new company will offer the public in the future.

#### At the Grand

Jim Webb, Senator, tonight again it is the greatest political drama of the season. Last night everybody saw Jim Webb arrive in Washington as a senator and time soon found him as chairman of one of the important senate committees. Bribes are offered him and he refuses. Moneyed interests sets the most fascinating women lobbyists against him. At the close of the session Jim is engaged to

### Theatrical Engagement

The theatre-goers of Brainerd are promised a rare treat next Monday night, Oct. 26th, when "The Margot Beaton Stock company" opens for an engagement here.

This company has been very successful playing permanent stock in some of the larger towns in this section. Miss Beaton, who heads the company which bears her name, is a dainty little actress of unusual ability and charm. Her versatility is amazing as her parts range from heavy emotional roles to comedy school-girls. She is supported by a company of merit and special scenery and effects are carried for each play. Judging from the many flattering comments by the press in other cities the theatre-going public may look forward to a most enjoyable performance of the opening play: "In the Bishop's Carriage," on Monday night.

THE ROUSTABOUT BENEFITS BY GOOD JUDGE'S ACCIDENT

It does beat all how word of "Right-Cut" the Real Tobacco Chew gets around so fast.

A man hears of it—tries it—likes it better than the old kind—and straightway is eager to get his friends started on the chew that satisfies.

Sappy, mellow tobacco—seasoned and sweetened just enough.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary canned tobacco makes you spit too much.

One small chew takes the place of two big chews of the old kind.

New Piece of Road Opened at Manganese—Building of New School to Start Soon

Manganese, Minn., Oct. 22—The grading of the new piece of road between the village and Michael Flynn's farm in section 28 was finished last Thursday. This piece of road will connect with the road leading from Ironton and Crosby, and Mr. Flynn, who is an old settler here, having for a long time been very desirous of seeing this piece of road put in for public use, appeared on the ground just as the last few scrapers of dirt were put on the road, bringing with him a few dozen of Pitger's "Pale Bohemian" for the road workers, as a token of his appreciation of the good work done.

M. B. Ellingson, Ed Kruger, O. E. Skelman, of Ironton and E. E. Kruger of Glenwood, returning from a short hunting trip, took very much pride in being the first ones to travel the new piece of road in their car without having a tire punched or a spring broken. They stopped their car to congratulate Michael Flynn and all the others present. All of the travelers made interesting remarks regarding what good roads meant to the country and its development. And so the new road was formally opened for public use.

A block of ground for the site of the new school house to be built at Manganese has been cleared, and the construction of the building is expected to be started in a few days, as the bids for the contract will be opened soon.

Harry Keeler, G. C. Travis, Tom Smith, Ed Jones and Chester Sorg were out on a hunting trip last week and brought back a good bunch of partridges and ducks, but they had to travel about 25 miles to the north to get them.

A wrestling match between Harvey Rice, of Wolford and Budd Harlick of Ironton, was pulled off last Saturday evening. Rice offering to pay Horrick \$100 if he could not throw him twice in 30 minutes. Rice got the first fall in 16 minutes, but failed to get the second. After the wrestling was over, a party of Crosby, Riverton and Manganese young people enjoyed themselves dancing until early morning.

T. A. Dalton, of Manganese, has

taken a contract for the transportation of the mail between Crosby and Manganese.

A. J. Moline, of Virginia, Minn., was a visitor in town last Friday. Charles P. Meyers, of Duluth, visited here last week.

John Wahl, of Duluth, was here on a business trip last Friday. S. P. Alderman, Charles W. Mahlum and G. S. Swanson, of Brainerd, were in town this week greeting old friends and making new acquaintances.

Horace Humphrey, of Crosby, was in town this week.

E. W. Hallett, the Crosby hardware man and family, visited in town this week.

**TAKES OFF DANDRUFF**  
**HAIR STOPS FALLING**

Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine, and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will try a little Danderine.

## Success depends largely upon Good Health

In your race for success don't lose sight of the fact that only through good health can you attain success. The tension you must necessarily place upon your nerves, and the sacrifice of proper exercise you have to make at times must be balanced in some way.

#### Dr. Pierce's Golden Medical Discovery

is the balancing power—a vitalizing power. It acts on the stomach and organs of digestion and nutrition, thus purifying the blood and giving strength to the nerves, indirectly aiding the liver to perform its very important work. Dr. Pierce's Golden Medical Discovery has been successful for a generation as a tonic and body builder. Sold by medicine dealers in liquid or tablet form—trial box of "Tablets" mailed on receipt of 50 one-cent stamps.

If in failing health write Dr. R. V. Pierce's faculty at Invalids' Hotel, Buffalo, New York.

DR. PIERCE'S GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Advisor—newly revised up-to-date edition—of 1008 pages, answers hosts of delicate questions which every woman, single or married, ought to know. Sent FREE in cloth binding to any address on receipt of 31 one-cent stamps, to cover cost of wrapping and mailing only.

#### THOUGH YOU ESCAPE WITH YOUR LIFE

If fire occurs at your place, you will not find it sweet if the flames leave you penniless. All your remaining days will be filled with regret that you hadn't taken out insurance when you could. Fire is just as likely to happen to you as to anybody else. Be wise and have us insure you today. Then fire will not spell ruin for you.
